

## How can I use this with my children?

This matching game stimulates the brain and gets your little one talking about colours and patterns.

## How does this help my children's learning?

Brain teasers help stimulate a child's mind and help to build concentration. It encourages them to focus on an activity while giving their mind a workout.

## Ideas for further learning:

If you like this lateral thinking activity, why not try some more which can be found in the [Activities and Games area](#) on the website.

# Lateral Thinking: Matching Wellies

The wellies and umbrellas have fallen out of the box and are all mixed up!  
Can you find the matching sets?

Look carefully at the umbrellas and the sequence of the colours on each of them. Draw a line to the wellies which have the same pattern.
